20 0 NO 839/11
24 9 56

Retransmitted with the following particulars -

25) The Horticultural Farm popularly known as Sunkal Farm was started in 1908 as an experimental horticultu farm with the main object of conducting experiments an varietal trials of vegetables under sewage cultivation

26) The entire area under vegetable cultivation on the Sunkal Farm irrigated with crude sewage was a source of unhealthiness and created insanitary atmosphere to the population living in the extension around this area Therefore it was suggested to shift the above activiti to the Koramangala tank bed, situated outside the to n for utilising all the sewage water accordingly Govt i their order no D 6104-6/GG 61-41-2 dated 19th March 1 called for proposals for shifting the then existi - orticultural Farm to Koramangala

27) Under the above circumstances Government have - approved the closure of the Sunkal Horticultural Farm in their order no AF 1275-76/GG 19-48-2 dated 20 8 1948 with - instructions to send separate proposals regarding the disposal of the immovable and movable properties the Executive Engineer Buildings Division Bangalore evaluated them at 21,550/- for lands and buildin s i the farm A reference was made to Govt in this office' letter no 496 dated 6th October 1953 that this amount

Note—Contn Sheet

Surrender of 50 acres of land

File No Koramangala Farm

Mysore Government
Secretariat

Serial No

may be recovered from the Mysore Government - Road Transport Department ~~which was located in the Sunkal garden~~, and to transfer the same to this department But this question is still pending with Government

28) Thus it is clearly seen that the Koramangala farm was started in 1944 in lieu of the Sunkal farm not only to grow vegetables as an emergency measure during war time but also to continue the horticultural activities at Bangalore, with the object to control indirectly the market rates of vegetables by supplying vegetables to the Bangalore public at reasonable rates. Now several kinds of vegetables are grown throughout the year in the farm along with several kinds of fodder grasses enabling the public to maintain several milch - cows at Bangalore

29) The farm is now a self supporting concern The establishment of the farm has been made - permanent according to G O No AF 1419-20/GG 93-48-2 dated 29 8 1949 This is the only vegetable farm at Bangalore The farm was handed over to this department on permanent basis in lieu of Sunkal farm Unless and until this area is required for some definite developmental work, the department is of the opinion that it may not be handed over to the Corporation

FROM

D R CHENNARUDRAIYA B A M Sc
COMMISSIONER
CORPORATION OF THE CITY OF BANGALORE,
BANGALORE

To

The Secretary to the Government of Mysore,
Education and L S G Departments,
Bangalore

SIR,

Subject Lease of 50 acres of land in Koramangala Tank Be given to the Horticultural Department in 1944, as an emergent measure for growing vegetables in view of the then situation of poor vegetable production

---

Pleg 'C' I write to state that in accordance with the orders No L 774/Ll 158-44-2 dated the 26th July 1944 and also Pleg 'B' No L 1735/Ml 158-44-4 dated the 18th August 1954, from the Secretary to the Government Law Department (copies enclosed for ready reference) the then City Municipal Council granted 50 acres of land in Koramangala Tank Bed and the Special Officer for Vegetable Production Scheme in Mysore, Lalbagh, Bangalore, took over the same on 10-8-1944 for growing vegetables as an emergency measure

Since the purpose for which the land was placed at the disposal of the Horticultural Department does not subsist I request that orders may be passed to surrender the land under reference to the Corporation early

Yours faithfully,

DR Chennarudraiya

(D R Chennarudraiya,)
COMMISSIONER

kpm 12 5 56

TNL/1
12/5/56

Copy of letter No L 774/M1 158-44-2 dated 26th August 1944
from the Secretary to Government, Law Department, Banga-
Municipal Commissioner, Bangalore City

With reference to the correspondence ending with your letter No A1 91-43 dated 9th February 1944 reporting on the disposal of lands for growing vegetables in the atchkat of the Koramangala Tank, I am directed to observe that, out of 160 acre plots formed for the purpose in the area, only 39 acres have been so far leased out to the vegetable growers Government consider that the action taken in bringing the area under vegetable cultivation is very tardy The Municipal Council may arrange to lease out the remaining portion of the atchkat as early as possible on longer periods of lease, if necessary Monthly reports regarding the progress made should be sent to Government

In view of the scarcity of vegetables in the City, it is necessary to take measures designed to secure quicker results in this direction As an emergent measure, the Horticultural Department has been directed to bring under cultivation 50 acres of land in the above tank bed, for which purpose necessary facilities may be kindly afforded by the Municipal Council to that Department immediately

A report of action taken should be submitted to Government within a week

---

Copy'

FOR COMMISSIONER

TNL/-

Copy of letter o L 1735/I I 158-44-4 dated 18th August 1944 from the Secretary to Government Law Department, Government of Mysore to the Municipal Commissioner, Bangalore City, through the President

---

With reference to your letter No A1-91/43 dated the 7th August 1943 re disposal of lands in the bed and atchkat under the Kyamangala Tank for vegetable cultivation, I am directed to invite reference to this office letter No 774 I I 158-44-2 dated 26th July 1944 requesting you to place an extent of fifty acres of land (not 25 acres as stated in the resolution dated 24th July 1944 passed prior to the above date) out of the above tank bed at the disposal of the Special Officer for Vegetable Cultivation and to request that action may be taken accordingly The question of the Government cancelling the lease sales already held of 39 plots of land under the atchkat of the tank does not arise, as the Municipal Council is competent under Section 41 (1) of the City Municipalities Act to take necessary action in the matter In regard to the disposal of these lands, necessary steps may be taken in accordance with the orders already conveyed in this office letter dated 26th July 1944 referred to above

This reply also disposes of your reference No A1 91/43 dated 1st August 1944 on the subject

---

~~NOTIFICATION~~

From

The Secret ry to the Government of Mysore,
L S G & Public Health Departments

To

The Commissioner,
Corporation of the City of Bangalore,
through the Mayor

Sir,

Sub - Lease of 50 acres of land in Koramangala Tank Bed given to the Horticultural Dep rtment in 1944 as an emergent measure for growing vegetables in view of the then situation of poor veget ble production

---

With reference to your letter No A3 Pr 97/56-57 d ted 14-5-1956 on the above subject, I am directed to state that the Horticultaral Farm popularly known as Sunkal Farm was started in 1908 as an experimental Horticultural Farm with the main object of conducting experiments in varietal trials of vegetables under sewage condition

2 The entire area under vegetable cultiv tion on the Sunkal Farm irrig ted with crude sewage was a source of unhealthiness and created insanitary atmosphere to the population living in the extension around the area Therefore it was suggested to shift the above activities to the Koram nga a Tank bed, situated outside the town for utilising all the sewage water Accordingly, Government in their Order No D 6104-6/GG 61-41-2 dated 19th March 1942 called for proposals for shifting the then existing Horticultural Farm to Koramangala

3 Under the above circumstances Government have approved the closure of the Sunkal Horticultural Farm in their Order No AF 1275-76/GG 19-48-2 dated 26-8-1948 with instructions to send separate proposals regarding the disposal of the immovable and movable properties The Executive Engineer, Buildings Division, Bangalore, evaluated them at Rs 21,500/- for lands and buildings in the Farm A reference was made to Government by the Gardens Depart ent that this amount may be re red from the Mysore Government Road Transport Department which was located in the Sunkal Farm Area, and to transfer the same to G rden Department

p t o

But this question is still pending with Government.

4. Thus it is clearly seen that the Koramangala Farm was started in 1944 in lieu of the Sunkal Farm not only to grow vegetables as an emergency measure during the war time but also to continue the horticultural activities at Bangalore, with the object to control indirectly the market rates of vegetables by supplying vegetables to the Bangalore Public at reasonable rates now several kinds of vegetables are grown throughout the year in the Farm along with fodder enabling the public to maintain milch-cows at Bangalore

5 The Farm is now a self-supporting concern The establishment of the Farm has been made permanent according to G O.No Al.1419-20/GG. 93-48-2 dated 29-8-1949. This is the only vegetable Farm at Bangalore The Farm was handed over to Government Gardens Department on permanent basis in lieu of Sunkal Farm.

6. For the reasons stated above, the proposal to hand over the Farm to the Corporation of the City of Bangalore is not therefore acceptable to Government.

Yours faithfully,
